

Club Weekend 22–25 June / Club Week 18–25 June

In June 2023, it will finally be “that time” again: to milk life for all it's worth, to see all your friends once more and give them a giant hug! Bellowing out to the starry night sky a full-throated “**Comin' Home**” with permanent fixture **Jimmy** and all the others. Simply being happy and totally carefree. Not reading a newspaper, not focusing on world events, for an entire week. Nothing. Simply **7 amazing days** with laid-back folks who have been forged into a family thanks to the Club. Isn't that what we are all about?!

Practically everybody knows everybody else. And those who drop by for the very first time, well, we just go right ahead and adopt them on the spot.

Whether your ride is a BMW, INDIAN, YAMAHA, ROYAL ENFIELD, TRIUMPH or whatever. Friends are what count. Along with tolerance and respect.

An amazing week awaits you, and we are already busy tinkering on the program – if you're excited, you should be!

The guided tours are online, the test rides are still in the planning stages, and you can count on endless bike talk during every one of our chill Club Evenings.

The **ROKKER Race** will be true to this year's motto “**Musical**”, with numerous teams already registered, certain to deliver lots of fun and unexpected surprises.

Our **Geli** has had her **booking system** up and running for a while now. If you need help finding a hotel or a suitable holiday package, don't hesitate to contact her at booking@newchurch.at.

Exhibitors, customers, the Travel Area as well as bands & comedians – the list is growing longer and more colorful. And throughout the village, you will again sense that unmistakably charming Newchurch atmosphere.

Our ultra-motivated team: Uli Brée, mastermind and as loyal to the event as ever, Barbara Brée and Tom Possod taking good care of the exhibitors, HG-Müller is responsible for the musical program. Moritz Brée has taken over the Custom Area and ROKKER Race. And as usual, executive director Ingrid Maier-Schöppl and her team at the tourist office will ensure the event runs like clockwork. Geli, meanwhile, deserves special mention: she'll ensure you find the right accommodations and package, so you won't have to sleep in the garage. Robert Möschl, chairman of the tourist board and master of hardware, makes his own invaluable contribution to the organizational team and is a big fan of quick, practical and flexible solutions. After all: at Club of Newchurch, everything comes down to our personal touch and family atmosphere.

And since we are on the topic of "personal": Geli will handle your accommodation requests quickly. All it takes is a phone call or email and, before you know it, you will receive offers to pick and choose from according to your personal tastes. And: **The three big Ts** (tickets, tours, T-shirts) will also be included.

Incidentally, true-blue fans of our festival love to book the **Members Package**, covering your every need and creature comfort during your full week or weekend at Newchurch.

Thank you to you all, for the incredibly beautiful craziness we share with one another year after year. Life is as good as you choose to make it. All that's left for you to do, is come. We are ready and waiting!
